

4. GLASS

Either if it is a door glass, glass section or a glass front, the glass is always manufactured to withstand the considerable temperature differences between the outside and inside of the sauna without warping or becoming deformed.

CLEAR GLASS

Dimension: 8 mm tempered safety glass

BRONZE GLASS

Dimension: 8 mm tempered safety glass

FROSTED GLASS

Dimension: 8 mm tempered safety glass

Wall panel in classic spruce or a more modern dressing glass is one of the vital parts when you are building your sauna. Whether you want clear glass to get a feeling of openness, bronze glass to feel more warm, or frosted glass in order to shut out the world and relax.

5. DOOR HANDLE

Choose between horizontal and vertical orientation or go for the design handle.

HORIZONTAL

6. SOFFIT

If you want a soffit for your Harmony they are easy to assemble. The roof trim that comes with the room is mounted on the outside of the soffit and has LED down light included.

WITH SOFFIT

WITHOUT SOFFIT

7. SAUNA HEATER

Find the heater for your sauna on page 36–47.
