REDEFINING WELLNESS

The global group TylöHelo has several strong sauna brands in the portfolio and can be found on all continents for both residential and commercial sauna projects. We are the complete partner by providing high quality sauna experiences, with traditional sauna, steam bath and infrared warmth.

With a huge passion for sauna and wellness, solid traditions in craftsmanship and profound knowledge Tylö is redefining the sauna scene by always continuing to create top quality sauna products made to be a vital part of healthy living. When you are investing in a Tylö product, you are not only investing in a product, you are also investing in your health. Years of development, experience and a relentless strive for perfection has lead us to where we are today.

For almost 40 years, we have produced our steam generators in our own factory in Sweden with a strong sense of pride resulting in products of superior quality.

Our passion is to raise the quality of life for as many people as possible. Replace your standard shower with a new modern steam shower. Or design your own steam room that fits in your regular bathroom. Or combine our new and efficient steam generators with one of our control panels. With all our possibilities, you can find the best steam solution for you. Of course, we have designed everything with the latest technology and with our sense of frugal Scandinavian design.

Welcome to our great world of steam!

WITH A PASSION FOR STEAM

The heat, the water, the silence and the solitude, steam bath is the perfect way to relax and let the stressful demands of everyday life fade away. The steam room is our new place for free time, for reflection and for well-being.

The steam gives a softer bath form where the heat is at 40–45 degrees. Research now shows that steam can provide many health benefits. The body's joints are softened, it expels toxins from the body, provides better sleep, cleanses and softens the skin. Relieves stress and anxiety. Helps blood circulation and the immune system. The list of health benefits for both body and soul can be made long. So the best advice we can give you is to schedule your steam sessions to be an integral and natural part of your everyday routine.

STEAM BATHS ARE GREAT FOR REDUCING STRESS

The heat, the silence, and the solitude will help you relax. The heat from the steam bath causes the body to release endorphins and other 'feel good' chemicals that counteract the harmful hormones caused by stress. Consistency is a key to get relaxed and feel in balance.

STEAM BATHS CAN HELP YOU SLEEP BETTER

By raising your body temperature in the steam bath just before it is time to go to bed, your heated body will automatically work to readjust its temperature afterward and that will lull you off to sleep, leaving you calm and relaxed enough to sleep soundly through the night.

STEAM BATHS CAN PROTECT AGAINST COMMON COLDS

Heat has a positive effect on our immune system, and regular heat exposure can significantly reduce the risk of catching common colds and the flu. As the heat boosts the blood circulation and stimulates the production of white blood cells, this helps to protect our bodies against viral and bacterial attacks.

STEAM CAN WORK MIRACLES ON YOUR SKIN

Regular steam baths can have a transformative effect on your complexion. The heat, the sweating, and the increased circulation stimulates the production of collagen, and deeply cleanse and rejuvenate your skin. Fifteen minutes in the steam room opens pores, increases sweating, stimulates circulation, and eliminates toxins.

STEAM COLUMN

FEATURES

ELITE CLOUD CONTROL PANEL WITH CLOUD CONNECTIVITY

HIGH QUALITY MIXER

SPEED STEAM (UNDER 2 MIN TO PRODUCE STEAM)

ESSENCE COMPARTMENT

SILENT STEAM OUTLET

ELEGANT FLOATING TEMPERED 8 MM GLASS FRONT

HIGH QUALITY HAND SHOWER

A STEAM BATH CAN SAVE 45% WATER COMPARED TO A NORMAL SHOWER

LED LIGHTNING

ANTI BURN GLASS STEAM OUTLET

STELLA

Build your own at home steam bath with this modern steam column of true Scandinavian design. The black glass front and the chrome coloured details makes it easy to fit in any tiled shower space.

The enveloping steam starts in 2 minutes and soon you have a full, warm steam bath. You control your steam column with the advanced Elite Cloud control panel that blends in perfectly with the black Stella front. The glass front is wider than the column, to give it a floating, nice look. Behind the glass are the LED lists.

The hand shower, thermostat and mixer are of high quality and luxury material. The steam outlet is very silent. Like the Vista, it has a fragrance compartment to enjoy the fragrance therapy of your choice. A ceiling shower head can be connected and controlled from the column. To match the black, sleek look you can add the matching stool and shelf in black aluminium.

STEAM ROOMS

Vista with the add-on RGB colour.

VISTA

A sleek looking steam shower enclosure that symbolizes Scandinavian design. Vista has matt black, minimalistic profiles that can be with or without threshold, to give your bathroom that modern and luxurious look.

The glass walls are smoky grey for an extra graphic effect. The Vista enclosure comes with the Stella steam column in the same beautiful black.

The enveloping steam starts in 2 minutes and soon you have a full, warm steam bath.

Vista STEAM ROOMS

FEATURES

RAIN SHOWER

Vista has a rain shower head in the ceiling and a high quality hand shower on the column for your preference.

ADVANCED CONTROL PANEL

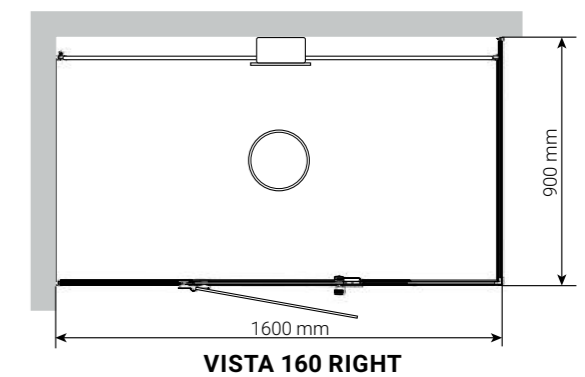

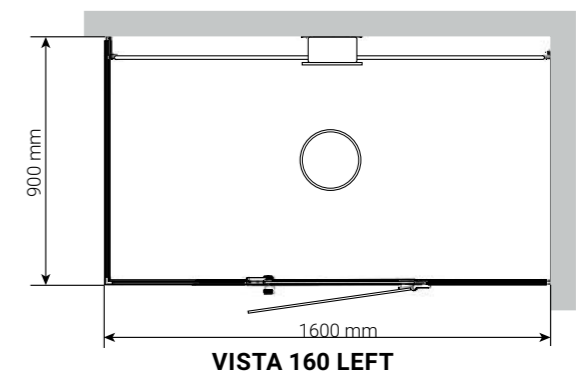

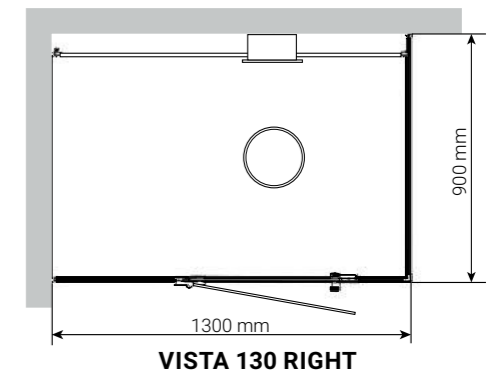

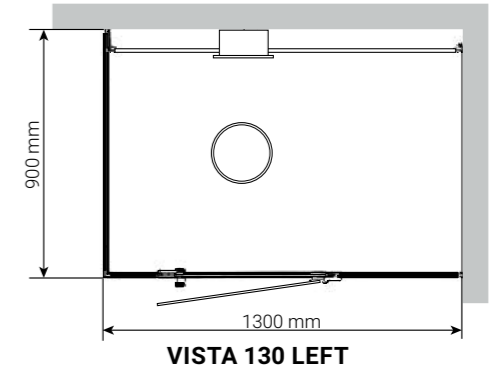

You control your Vista steam shower with the advanced Elite Cloud control panel that blends perfectly into the black Stella column.

ENJOY THE FRAGRANCE THERAPY

The steam outlet is very silent and has a fragrance compartment on top so that you can enjoy the fragrance therapy of your choice.

This steam shower enclosure comes in two sizes (1300 x 900 x 2130 mm and 1600 x 900 x 2130 mm). You can choose if you want it with a left glass corner or a right, seen from the front. You need two walls and a floor to install the Vista properly.

Vista with the add-on RGB colour.

ACCESSORIZE!

For the Vista experience, add the matching accessories; stools and shelf in matt black aluminum. Or, if you prefer, you can also choose the white Corian stools.

PIXEL STOOL

This stool can be used both inside your Vista steam enclosure or as a nice-looking stool in your bathroom. It is made of aluminium and in a softly bended shape, so it is comfortable to sit on. The smooth surface is covered in a beautiful matt black powder coating to match the profiles on the Vista.

Size: 380 x 330 x 427 mm (WxDxH).

PIXEL SHELF

A small shelf for your shower products or just as a nice decoration. It has the same matt black colour as the profiles on the Vista steam shower enclosure. Even if it is a slim model with its 400 mm in length and 90 mm in depth it can hold up to two kilos. The pattern of the pixels is cut so the water doesn't stay on the shelf.

STOOL CORIAN

These stools in two different sizes are comfortable, light and modern.

Size: 660 x 320 x 450 mm (WxDxH).

Size: 350 x 320 x 420 mm (WxDxH).

As an option to make it more personal, you can add the RGB lights that are placed in the back wall and has a declining gradient that meets the lights coming from the steam column. For additional lights in the ceiling, spotlights are sold separately.

PANACEA

The Panacea steam bath soothes both body and soul. The hot steam envelops the body, releasing tension and easing muscle aches, while a variety of light settings provide relaxing additions to the mind. Panacea is available in several different standard sizes and comes with a dramatic back-lit wall. Choose between various glass tints and opaque options.

STOOL CORIAN 66
Ergonomic and easily portable stool.
Size: 660 x 320 x 450 mm (WxDxH).

STOOL CORIAN 35
Size: 350 x 320 x 420 mm (WxDxH).

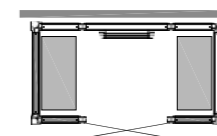

CORIAN BENCH
Hardwearing and hygienic bench for larger steam rooms.

BENCH 1545
Size: 1545 x 600 x 450 mm (WxDxH).

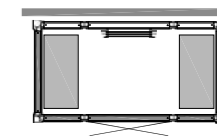

BENCH 1945
Size: 1945 x 600 x 450 mm (WxDxH).

BENCH 2345
Size: 2345 x 600 x 450 mm (WxDxH).

PANACEA 2525 2B
Size: 2525 x 2525 x 2090 mm

1717, 2117 and 2525 can be delivered with a handicap-friendly door (930 mm opening).

CUSTOMISED STEAM ROOM

Serenity Spa, Hotel Riverton, Gothenburg, Sweden

4 GOOD THINGS TO KNOW WHEN BUILDING A STEAM ROOM:

1 Make sure your generator is powerful enough for the size of your steam room. Your Tylö steam room is not a steam room without our efficient steam generators. Smart versions for both home and commercial use are available.
Room volume (m³) x K1 x K2 = required power (kW)

Constants:

- Ventilated room K1 = 0.75
- Acrylic room K2 = 1
- Tiles on insulating concrete K2 = 1,50
- Non ventilated K1 = 0.52
- Tiles on board or hard foam K2 = 1,25
- Heavy wall of concrete or tiles K2 = 2

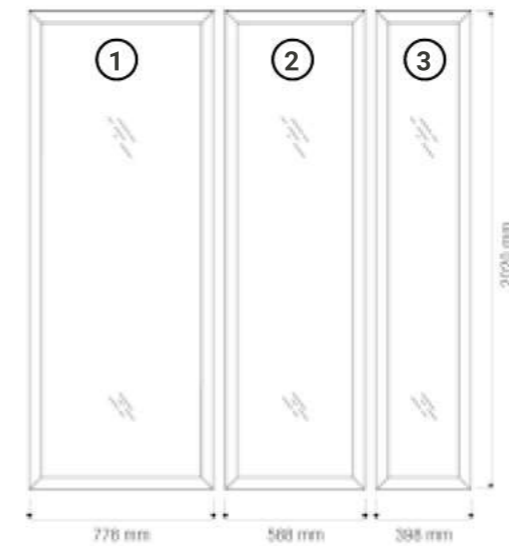

2 Plan your steam room with proper drainage as a top priority. The steam generator will be emptied of water and flushed frequently so make sure it is placed in the immediate vicinity of a drain. For generators installed for commercial use, the optional automatic drain function is required.

3 Test the hardness of your mains water to predetermine the frequency of maintenance.

4 Most of the limescale build-up in the steam generator is removed during the automatic flush sequence, but some deposits always remain. In commercial use, it is therefore usually necessary to manually descale and clean tank walls and heating elements from time to time. In commercial settings, the generator must be flushed at least daily.

You can achieve your desired width by combining a steam door with your choice of glass sections.

- 1 - GLASS SECTION 778/2020 BRONZE** Size: 778 x 2020 mm.
- 2 - GLASS SECTION 588/2020 BRONZE** Size: 588 x 2020 mm.
- 3 - GLASS SECTION 398/2020 BRONZE** Size: 398 x 2020 mm.

STELLA STEAM COLUMN
More information on page 6.

1 - STEAM DOOR 101 G

Glass steam room door available in bronze tinted tempered safety glass. Developed for wheelchair access with no threshold and extra wide opening. Choose between left or right handed application. Door leaf is mounted on four hinges for extra strength.

2 - STEAM DOOR 60 G

Available in two different types of tempered safety glass, clear and bronze. Closes with a magnetic strip and the aluminium door surround provides a clean and tidy look. Includes a bottom runoff strip and vent and may be installed as left or right handed door.

3 - STEAM DOOR 50 G

Compact glass steam room door in tempered clear glass. Closes with a magnetic strip and the hinges are hidden for a clean and tidy look, along with an aluminium door surround that includes a bottom runoff strip.

4 - STEAM DOOR

Professional grade steam room door from Tylö is developed specifically to meet the tough demands of a high traffic public steam room. It is available in either clear or bronze tinted safety glass and the thresholdless construction allows for easy wheelchair access. The design matches that of the DGL/DGB ranges, as steam rooms often are placed next to a sauna.

STEAM GENERATORS

Our durable steam generators work reliably even when used continuously, with minimal maintenance and service costs. They are equipped with several convenient features for the best experience.

STEAM COMMERCIAL

Our Steam Commercial steam generator is equipped with a large water tank and is designed to easily connect to our Multi-Steam function – an effective way to avoid stoppages in frequently used systems.

STEAM HOME

Our latest compact and effective steam generator for home environments. It offers new and improved features such as stand-by, an aromatherapy option and improved protection against stoppages.

To be installed away from steam in a dry and vented space.

CHOOSE YOUR CONTROL PANEL FOR YOUR GENERATOR

ELITE CLOUD

Gives a quicker heat up time and lets you set the exact percentage of humidity for full control. Cloud connectivity for maximum advantage and comfort is included.

PURE

Comes with the standard digital touch control panel for ease of use and convenience. Let's you set temperature and time.

6 STRONG REASONS TO CHOOSE TYLÖ

1 QUALITY

For close to 40 years we have been manufacturing steam generators at our factory in Sweden and have taken great pride in producing top quality products.

2 COMMUNICATION

Our control panels allow you to control and monitor several steam generators from the same location. You can also set it up on your computer or mobile device.

3 INTELLIGENCE

Two-way communication between the control panel and the steam generator provide a handy real-time overview of all functions.

4 SUSTAINABILITY

Smart technology and a strong focus on water and energy consumption. The stand-by mode and our "divided output" can reduce energy consumption by up to 30%.

5 LESS MAINTENANCE

Our generators will run for many years with no interruption and a minimum of maintenance. An automatic emptying function set according to your water quality is included.

6 HIGH LEVEL OF COMFORT

Whether our steam generators are installed in a home or public setting, they are designed to offer top-quality enjoyment comfort and safety without interruption.

Serenity Spa, Hotel Riverton, Gothenburg, Sweden

SENSE COMMERCIAL + STEAM COMMERCIAL = TYLARIUM

Combining the Steam Commercial generator, Sense Commercial sauna heater with steam distributor, and the Elite Cloud control panel makes a Soft Sauna experience possible in public and commercial spaces as well. Representing a new way of enjoying heat and humidity, Soft Sauna is a modern take on the traditional sauna.

Control and monitor your sauna from the office or reception using nothing but wifi, a mobile device and Tylö's app. The app was specially developed to optimize your sauna experience and is compatible with iOS, Android and desktop PCs.

It's all about water

IT'S NOT JUST STEAM

Our new steam generators set a new industry standard with their innovative solutions based on decades of experience.

WE MAKE SURE EVERYTHING OPERATES SMOOTHLY

To ensure proper steam generation, it is important to analyse the water in your area. The quality of the water has a major bearing on both the function and service life of your steam generator.

Contact your local Tylö dealer to determine the water quality before ordering your steam generator system. Sometimes your local water company may be able to provide the information you need.

A scent for the mood

ADD A FRAGRANCE FOR AN ELEVATED EXPERIENCE

With aromatic essences, you can multiply both the pleasure and the health benefits of your next steam session.

Peppermint and citrus are energizing scents that quickly lifts your spirits. They are great for your morning steam session, and are known for being a good remedy for dull skin.

Eucalyptus has a very fresh aromatic, mint-like scent. The essential oil eucalyptus is said to have great effect on colds and headaches.

Lavender is a scent that many of us associate with the ultimate relaxation. In fact, the scent of Lavender has measurable effects on stress-related symptoms such as anxiety and insomnia.

Check out our catalogues for our superior sauna and infrared products.
